EDIFY ONE ANOTHER THROUGH HIS WORD

Sermon Title: Speaking from the Midst of Fire (Part 1)
Sermon Date: 12 Feb 2023
Reference Text: Exodus 3:1-10
Speaker: SP Lawrence Chua

Sermon Recap

- God spoke to Moses through an unusual fire about a fresh start to his mission. But Moses must first notice this interesting sight and turn to look at it.
- SP shared with us how the forms of manifestation of God can often be ungraspable intellectually (Eg. Salvation by spiritual rebirth in John 3:1-18).
- Because God is Spirit (invisible and has no material elements), we must learn to worship God in spirit and in truth (John 4:24).
- Jesus described the work of the Holy Spirit in salvation like the blowing of the wind - Cannot be controlled, predicted or grasped.
- There are some things in life where overthinking can prevent us from acting in faith.
- Very often, acting by faith defies logic. We need the simplicity of faith like that of little children (Matthew 19:13-15).

SHARING

- Have you encountered God in ways that seemed illogical or impossible? Share your experience and what you learnt from that experience.
- Our church's direction for 2023 is Life in the Spirit. What does living a Spirit-filled life mean to you?
- Are there areas in your life that require greater simplicity of faith? When are the times that you will overthink and why? How is God challenging you to practise simple faith in Him in these areas?

PRAYER

- Pray for peace and healing over the root causes that lead to our overthinking.
- Pray for each other to grow more aware of His voice and to respond more to Him in child-like faith.
